

Derek and Jane French

Location: **Bilbao, SPAIN**

Mission: **Student ministry**

GBU summer Camp for university students will take place from 22nd to 29th July near Cordoba in Southern Spain. The theme this year is “Nexum: Connecting faith and life”. Pray for the main speaker Andrés Pérez, as he prepares his talks and seeks to encourage and challenge the students in their walk with God. There will also be various seminars addressing different themes such as: faith and vocation, faith and culture, evangelism, friendships etc.

There is also a special part of the camp dedicated to final year students to help them navigate from student life to the workplace. Themes such as “Is my work important to God?”, “How do my desires for ambition and success fit with the call to seek first the kingdom of God?” “How can I invest my time, money and gifts well?” This is a stage of life with many challenges and changes and the aim of these seminars is to guide Christian students to take steps forward with a biblical basis and to seek God’s guidance in this transition time as they make key changes and decisions in their lives.

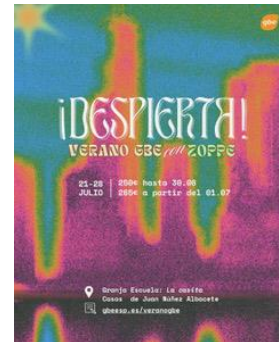

The GBE (high School students) camp takes place from 21st to 28th July in Albacete. Daniel Zoppetti will be giving the main talks with the theme “Wake up!” based on the book of Haggai.

GLOBAL DISCIPLES *Go Deep Go Wide* July/August 2024

BIC Summer: During the summer the Bilbao international church will return to having the yearly “Church in Park” Sundays. This is a great opportunity for witness as we praise God and listen to his Word together in the local park next to the church.

Pray for Sarah (new team member) as she settles in and begins an intensive language study course. Give thanks for the answer to prayer regarding her accommodation in an ideal location. She plans to move into this accommodation during June.

Prayer points:

- For the GBU and GBE summer camps in July, that it will be an enriching time of fellowship and teaching for the students. Pray for those who are giving the main talks and seminars.
- For BIC summer services in the park, to be a good testimony to those around them.
- For Sarah as she settles into life in the Basque Country and as she begins her language study.
