

Naomi Keefe

Location: **Olinda, BRAZIL**

Mission: **Church-based community development and evangelism**

The month of June has been busy with evangelistic events over the St. John the Baptist celebrations in both Beberibe and Peixinhos communities. We were very thankful that the rains held off for both these events. It is encouraging, not only to see the many folks who turned out for these events, but also to see how the teams are learning to work together, using their gifts and talents to share the good news of Jesus.

July is a school holiday period here so we hope to have various activities in both of the communities. Peixinhos hopes to start up the reading room activities again, together with cinema days and the normal good news club activities. We also hope to take some teenagers and adults from Peixinhos to an evangelistic dramatization of 'The Judgement House' organized by a local Baptist congregation. It is a walk-through drama which communicates the gospel and shares the fact that one day we will all face judgement and the importance of being ready for this.

July / August 2025

Beberibe continues with the reading in the park activities. Due to the school holidays we hope to have lots more children coming along. We hope to hand out sticker albums, which talk about the theme of 'God is love' during these holidays.

I also hope to have a Bible study for our teenage volunteers using Josh McDowell's book on 'The Bare Facts about love, sex and relationships' as a starting point to our studies.

Various training sessions are also planned for both communities during these holidays.

In August, we hope to have a Father's Day event in which we plan to have an evening of 'Coffee with Men from the Bible.'

Prayer points:

- Give thanks for a relaxing and encouraging time with my nephew, who is now safely back in Scotland.
- Give thanks for the various evangelistic activities that took place during the St. John the Baptist time.
- Pray that God will use the drama of 'The Judgement House' to speak to those who come along.
- Pray for wisdom and guidance in leading the Bible studies on relationships and also for the various training sessions.
- Pray for both communities as we use books to share the good news of Jesus.
