Mission: **Student ministry**

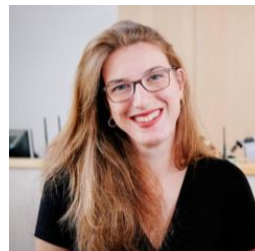

Pray for the Literature work (Andamio). Give thanks to God for 3 recent opportunities to present and share the literature resources for kids and young people at various conferences and events, including Mission Possible (Youth conference for Spain), a teachers' conference in Galicia and another event in Miami, USA. Various books were presented including the new "The Radical Book For Kids" and 3 of the "Good News For Little Hearts" series. Pray that God would use this literature to transform children and their families.

Pray for the work of GBU, there is a great need for more staff workers on the team. There are many large areas of Spain that have no staff worker. Pray that God would raise up godly men and women to fill these roles, so that the kingdom of God can be further extended in the universities across the country.

Pray for those who are involved in the preparation for GBU (university students) and GBE (high school students) summer camps. Pray as they prepare the talks, seminars and workshops, that God would guide their planning and preparation.

GLOBAL DISCIPLES
Go Deep Go Wide
June 2024

Pray for Sarah from Germany who joined the team here in May. Pray that God will help her with all the practicalities of settling into a new country. Pray for a smooth transition with paperwork, apartment rental, language studies and all that comes with a cross-cultural move.

Pray for the international students from BIC (Bilbao International Church). Many of them will be moving on in the next month or so. Give thanks for their time in Bilbao and for the blessing they have been to the church and pray that God would continue to use each one of them for His glory wherever they move to next. Pray also that God would send more students to BIC in the coming year, so they can grow in their faith while they are abroad and have a sense of belonging in the BIC Community.

Prayer points:

- For the literature work that God would speak to people and change lives through these valuable resources and that the books would be able to be used in schools.
- For more staff workers for GBU.
- For the preparation for the summer camps.
- For Sarah as she adjusts to the move from Germany to the Basque Country.
- For the international students as they move on to the next stage of their student lives.
